Wieland Schwinger

2. Introduction

```
Dr. Wieland Schwinger is senior researcher at the Department
of Telecooperation (TK) of JKU. Prior to that, he was
working as a senior researcher and project manager of
strategic research projects at the Software Competence
Center Hagenberg. He was involved in several national and
international projects amongst them the above mentioned
MEDINA project. His current research interests comprise
ontology-based context-models, conceptual modeling, and
modeling of ubiquitous Web applications in particular,
resulting in more than 20 publications.
